Review of The management of Estates in the Court of Wards, or under The Talukdars' Relief Act in OUDH

for The year ending 30th Sept. 1886.

Page - 57 + Appendix CXIII

REVIEW

OF THE

MANAGEMENT OF ESTATES

IN THE

COURT OF WARDS,

OR UNDER THE

TALUQDARS' RELIEF ACT,

IN OUDH,

FOR THE YEAR ENDING 30TH SEPTEMBER, 1886.

THE report deals with the statistics of 60 estates, being two in excess of the number reported on last year. Six* estates which appeared in last year's report have, in consequence of being released, disappeared from the list of estates under management. Of these the only estate of which a detailed description has not been given in previous annual reports is Itaunja. A notice of this estate has therefore been inserted in the appendix, although its accounts are not included in the tabular statements.

* Itaunja.
Bamnawan.
Paska.
Khajuri.
Ladhwari.
Harakhpur.

Eight† new estates were brought under management during the year. Of these the two large estates of Khairagarh and Mullanpur lie in the Kheri district. Both are somewhat involved: the latter, which has a rental of over one and-a-half lakh, being nearly eight lakhs in debt. Detailed notices of each appear in the appendix.

† Amirpur.
Behti Chiragpur.
Khajurahra.
Bansi.
Khairagarh.
Mullanpur.
Behra.
Sarayan.

2. The gross rental of the estates under management amounted to Rs. 16,73,943, and the arrears of previous years to Rs. 1,84,049. The collections were Rs. 16,03,904 on account of current rents, and Rs. 43,629 on account of arrears, the total amount realized being 98·66 per cent. of a year's rental.

3. The following statement compares in each district the rental of the estates that were under management in the two past years :—

District.	Rental for 1884-85.	Rental for 1885-86.
	Rs.	Rs.
Bara Banki	1,76,617	1,77,605
Sitapur	31,581	32,824
Hardoi	1,11,208	1,08,805
Kheri	60 299	60,590
Fyzabad	1,33,518	1,33,797
Bahraich	81,126	80,319
Gonda	76,108	77,712
Rae Bareli	4,59,364	4,71,198
Sultanpur	2,36,627	2,43,951
Partabgarh	1,02,317	1,24,198
Total ...	14,68,765	15,10,929

It has to be explained that this increase in the rent-rolls is in very small measure the result of enhancement of rents. A very considerable portion of the increase which the statement records is due to the redemption of mortgages and the inclusion of the rental of the redeemed properties in that of the parent estates. This accounts for a large proportion of the rise in Partabgarh, Sultanpur, and Rae Bareli. Another cause of increase is the reclamation of waste and jungle tracts in estates bordering on the tarái. The large Bilaspur-Atraula estate in the Gonda district is a conspicuous instance of this (*vide* notice in appendix). The actual enhancements of rental, as far as can be judged from the district reports, have been nowhere severe, and the managers disclaim any wish to take more than a fair rent from the tenantry, or a reasonable enhancement in the case of improvements executed by the estates. In Sultanpur large sums have thus been laid out in a manner most beneficial alike to the cultivators and the estates by the Deputy Commissioner, Major Grigg, and it is satisfactory to find that he has had no difficulty in obtaining by moderate enhancements a fair return on the outlay.

4. The demands and collections of rent from land are shown in the following abstract of statement I :—

District.	Number of estates.	*Demands.*			*Collections.*			*Percentage of collections.*		
		Current rents.	Arrears of rent.	Total.	Current rents.	Arrears of rent.	Total.	Of current rent to demand.	Of arrears rent to demand.	Of total collections to annual rental.
		Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.
Bara Banki ...	7	1,84,870	15,592	2,00,462	1,81,943	3,623	1,85,566	98·4	23 2	100·3
Sitapur ...	3	32,815	1,386	34,201	32,056	765	32,821	97·6	55·1	100·0
Hard'oi ...	8	1,66,883	11,215	1,78,098	1.61.349	6 924	1.68,273	96·6	61·7	100·8
Kheri ...	5	1,39,347	35,789	1,75,136	1.16,917	6,190	1.23,107	83·1	17·2	88·3
Fyzabad ...	6	1,33,791	5,209	1,39,000	1,32,640	1,612	1,34,252	99·1	30·9	100·3
Bahraich ...	4	80,684	7,777	88,461	78,471	3,263	81,734	97·2	41·9	101·3
Gonda ...	1	77,712	1,077	78,789	77,582	754	78,336	99·8	70·0	100·8
Rae Bareli ...	12	4,69.998	98,285	5,68,283	4,59,714	17,345	4.77,059	97·8	17·6	101·5
Sultanpur ...	7	2,43.951	5,138	2,49,089	2,43.182	2,622	2.45,804	99·6	51·0	100·7
Partabgarh ...	7	1,22,506	2,581	1,25,087	1,20,052	532	1,20,584	97·9	20·6	98·4
Total ...	60	16,52,557	1,84,049	18,36,606	16,03,906	43,630	16,47,536	97·0	23·1	99·6

The collections of the current rental were thus in 1885-86, as in 1884-85, extremely good. Of a demand of Rs. 16,52,557 only Rs. 48,652 remained in balance, and of this Rs. 22,430 is entered against one district—Kheri—and is due to exceptional circumstances. The seasons were generally favourable, though in the Rae Bareli Division the partial failure of the opium crop told upon the means of the tenants. The best results on paper were obtained in the Bara Banki, Fyzabad, Gonda, and Sultanpur districts, where out of an aggregate demand of four lakhs less than Rs. 1,600 remained uncollected. In these districts it may be said that the rents were practically realized in full, as the small balances are capable of satisfactory explanation. The heavy outstandings in the Kheri district are due to the assumption of management late in the year of the two large estates of Khairigarh and Mullanpur with their accounts in a confused condition, to the release of the Kasmori estate on short notice in the middle of the year, and to a large decreed, but unrealized, claim against a wealthy, though recusant, lessee in Bahadurnagar. In Rae Bareli, where the balances amount to over Rs. 10,000 on a rent-roll of over four and-a-half lakhs, the deficiency of the opium crop is given as a reason for the short collections. Rupees 3,717 of these arrears belong to the estate (Bhira Gobindpur) of the Sikh Sardárs, who are entrusted with its management, and they are probably less exacting in the matter of punctual payment than an official manager. With these explanations the general results of the year are found to be even more satisfactory than the figures at first sight indicate.

5. The collections of arrears of past years were less satisfactory, as of the large sum of Rs. 1,84,049 only Rs. 43,629 was collected. The districts in which these outstandings were largest and require notice are Rae Bareli (Rs. 98,284), Kheri (Rs. 35,788), and Bara Banki (Rs. 15,591). In the first-named district the arrear balances have for some years past been a source of trouble to the management; and though instructions have been repeatedly given that they should be carefully

examined in detail, and all irrecoverable items struck off, this duty has not been as yet sufficiently complied with. The Commissioner has rightly drawn the attention of the manager to this point, and has exercised the powers vested in him in calling for lists of irrecoverable balances with the view of expunging them from the accounts. In the case of two estates—the Sikh estate of Bhira Gobindpur and the Udrehra estate—the manager has probably been hampered by the wish of the proprietors, who are associated with him in the management, to retain even the most irrecoverable items on the books. The arrears in the Kheri district are of a more exceptional character, being due to the two large estates which were taken over towards the close of the year. A careful examination of the outstanding accounts of these estates will probably show that a good many claims should be written off as irrecoverable. The outstandings in the Bara Banki district are virtually confined to the two estates of Bhilwal and Pokra Unsari, and represent the accumulations of past bad seasons and somewhat lax management. During the year under report, the Deputy Commissioner took the matter energetically in hand, and succeeded in realizing a fair amount of the old arrears, and has obtained sanction to striking off all items considered irrecoverable. Besides the sums collected on account of these balances within the year, they have been further reduced by the amounts written off since the submission of the reports by Commissioners or by Government as irrecoverable :—

Sanctioned by Commissioners.

Divisions.	Amount.
	Rs.
Lucknow Division	4,520
Sitapur ditto	1,120
Fyzabad ditto	58
Rae Bareli ditto	1,754
Total ...	7,452

Sanctioned by Government.

Divisions.	Amount.
	Rs.
Lucknow Division	...
Sitapur ditto	...
Fyzabad ditto	2,199
Rae Bareli ditto	4,876
Total ...	7,075
GRAND TOTAL ...	14,527

The intention of Government, as has been repeatedly stated, is that arrears should be compounded or remitted in all cases in which, through the tenants' misfortunes or the nature of the claim, there is good ground for the belief that the full nominal amount cannot be realized. The requisite authority in this respect has been given to Commissioners, and it rests with them to see that managers give effect to these principles.

6. The demand on account of miscellaneous receipts amounted to Rs. 6,46,675, against Rs. 2,66,279 in the preceding year. The subjoined statement supplies the details of this sum, and shows the degree of success attained in realizing it:—

	Demands.	Collections.	*Percentage of collections to demand.*		
			1885-86.	1884-85.	1883-84.
Rent of houses	1,732	1,337	77	91	88
Takávi	22,789	16,791	73	72	68
Law expenses	9,781	3,429	35	72	40
Interest	16,550	10,426	62	59	76
Miscellaneous	5,95,823	5,62,154	94	86	88
Total ...	6,46,675	5,94,138	91	82	82

The increase of 3·8 lakhs in the total demand is confined to the last sub-head in the list "Miscellaneous." Under this is included a sum of three lakhs borrowed to clear off the debts of the Mullanpur estate in the Kheri district, and a further sum of over Rs. 60,000 realized by the sale of property belonging to another estate in that district. Collections under the first head compare unfavourably with the results of 1884-85; but the balance is confined practically to the Rae Bareli district, and it is explained that the rents in question are not realized in full until after the expiry of the revenue year.

7. Collections on account of takávi advances are slightly better than in the previous year. More than half the uncollected instalments occur in the Rae Bareli district; and the manager states that he has refrained from pressing tenants whose circumstances made it difficult for them to pay within the year. A liberal policy in this respect cannot be condemned; but it should not be overlooked that the frequent occurrence of such delays tends to weaken one of the great arguments in favour of such advances. The Commissioner of the Rae Bareli Division, for instance, remarks that "in proper hands the scope for these advances is almost boundless, the risk *nil*, and the good to be done incalculable." If, however, it is found in practice that advances are frequently difficult to recover or have to be finally written off as incapable of realization, the risk becomes something more than *nil*; and however large the field and however great the prospective good, the fiduciary position in which the Court of Wards is placed renders caution imperative. It is clear that the proper handling of the system requires vigilance in recovering such advances quite as much as liberality in making them.

8. Recoveries of law expenses appear considerably worse than in the previous year. But it was shown in last year's report that an exceptional case, in which a large sum had been recovered under special arrangements, made the returns of 1884-85 unduly favourable.

The normal average of collections to demands under this head has hitherto been about 40 per cent. The results for the year under report are, therefore, below even this low average. So many difficulties arise in attempting to realize sums decreed for law expenses, that it is impossible to predict generally that better results would have been obtained by increased care; but cases have more than once come before Government in which the management was certainly to blame. The short collections under the head "Interest" call for little remark. The arrears are mainly confined to the Dahayan estate in the Partabgarh district, and relate to debts incurred to the estate before it was taken under management which it seems impossible to realize without resort to legal proceedings.

9. The following table shows the expenditure under each head and the proportion borne by it in the past and in previous years to the total income :—

Heads of expenditure.	Amount.	*Percentage of total income of year.*			
		1885-86.	1884-85.	1883-84.	1882-83.
	Rs.				
Overdue Government revenue, cesses, and rates.	*Nil.*	...	...	...	...
Current Government revenue, cesses, and rates.	7,96,708	35·5	42·3	42·5	42·1
Management	92,942	4·1	5·3	4·7	4·3
Maintenance	1,57,822	7·0	8·0	7·8	8·0
Extraordinary personal expenses of proprietors.	66,192	2 9	2·5	2·2	3·4
Law expenses	23,395	1·0	1·5	1·5	1·5
Subscriptions	9,364	0·5	0 5	0 4	0·5
Education of minors ...	5,896	0·3	0·3	0·3	0·2
Improvements	65,195	2·9	3·9	4·3	1·4
Miscellaneous	1,92,055	8·5	13·0	6·7	7·3
Debts	6,56,033	29·2	19·5	25·6	28·0
Total ...	20,65,602	91·9	96·8	96·6	97·7
Balance ...	1,80,290	8·1	3·2	3·4	2·3
Income of year ...	22,45,892	100·	100·	100·	100·

The land-revenue demand, which amounted to Rs. 7,51,394, or 45·4 per cent. of the total collections of rent, was paid in full except in the case of one estate in the Kheri district, which was released while the sum of Rs. 1,148 was still due. This was, however, paid in by the owner.

10. The cost of management was Rs. 2,200 less than in the preceding year; and as the income of 1885-86 considerably exceeded, owing to the large sums shown under "Miscellaneous," that of 1884-85, the percentage of the cost of management to the gross income is unusually low. The experiment of placing the estates in the two districts of Rae Bareli and Partabgarh under a special manager, Mirza Humayun Qadr, of the standing of a Deputy Collector, is reported to have worked well. "The way in which he has faced his difficulties," writes the Commissioner of the Rae Bareli Division, "and unostentatiously got through a great deal of honest work, is very creditable to him." The difficulties arise partly from the scattered nature of the charge which impedes the close and persistent personal supervision of all the details of the management of each estate, and partly at the beginning from the change to the vernacular of the system of estate correspondence. In spite of these drawbacks the reports from the two districts show that he has already obtained a firm hold of the management, and that he is zealously devoting himself to the improvement and effective administration of the important properties entrusted to him.

11. The next five heads of expenditure call for little remark. The "Extraordinary personal expenses of proprietors" show an excess of Rs. 21,000 over the expenditure of 1884-85, due to numerous marriages and other similar occurrences. Expenditure under this head has a strong tendency to grow unless the management is firm, and some at least of the estates can ill afford the sums spent on ostentatious display. "Law expenses" show a slight decrease, in spite of the contributions which the estates have now to make to defraying portion of the

cost of the Legal Remembrancer's establishment. One or two district reports complain of the additional work required from managers under the new system of conducting litigation; but if it results, as is anticipated by Government, in the increased care and caution in instituting suits, which the figures in paragraph 8 show to be eminently necessary, the labour will not be thrown away. "Education of minors" shows a small increase. This head in future may be expected to develope, as the more wealthy minors are now being sent to the Wards' Institute at Agra, where the charges are necessarily high.

12. Expenditure under "Improvements" again shows a falling off, and many managers for various reasons have been unable to spend the whole sums allotted in the year's budget. Taking the districts in the order in which they appear in the tabular statement, the following is a brief summary of what has been projected, started or completed. In the Bara Banki district three estates offer a good field for improvements, and with the Commissioner's cordial sanction and support the Deputy Commissioner, Mr. White, employed the District Board's Engineer in preparing for these estates a complete record of the results obtained by experimental borings in different parts of them. Four sets of boring apparatus had been obtained, and such progress had been made in thus collecting data that the active prosecution of well-sinking in the current year was regarded as certain. The information thus obtained will prove as useful to tenants willing to construct wells for themselves as to the estate, and under Mr. White's encouragement a good many works of improvement were thus indirectly initiated. The report of the Sitapur district is, as the Commissioner says, disappointing. It is admitted that little has been done, and that much may be accomplished: the want of interest and energy on the part of tahsíldárs and managers is lamented; and the mistake of delaying the commencement of improvements until too advanced a period of the year is acknowledged. The responsibility of the Deputy Commissioner

for this portion of the Court of Wards' functions is sufficiently enforced in the Commissioner's review; and his remarks will, it is hoped, not be lost sight of. The Commissioner has a more favourable report to make of the Hardoi district. Though the actual expenditure on improvements within the year was small, the subject had been taken up by the Deputy Commissioner in a methodical manner that gives hope of better progress in future. Colonel Horsford's remarks on the practical difficulties of the problem may be quoted:—

"It is easy enough to allow a number of wells to be made; but the difficulty is to get them well made. The managers have no knowledge of well-sinking, and the men they have to entrust the work to, they have no real confidence in. At the best the men so employed have but small wages, and the supervision over them is equally little. Nearly always the cost is under-estimated, and the attempt is made to work within the estimate. The result often is that the well is somehow or another patched up to pass muster, and soon comes to grief and becomes more or less useless. The more honest the manager is, the more shy he is of undertaking such work. The question is how to overcome the difficulties we necessarily labour under.

"Being as convinced as most others as to the advantages of well-sinking, I purchased last cold weather, for the use of the estates, a set of well-boring tools for about Rs. 400 through the Agricultural Department. This set has been used to find by actual borings the best localities for wells. The experiments are being continued, and the work will be continued till we have marked off all the likely places where wells can with advantage be made. I have no doubt that in time the public will see what a benefit they are, and the advantage of using them. I purchased one set for a talúqdár and another for the District Board, which is lent to any one who cares to use it. But it is through the estates under management that I hope in time to make the public use them largely. In the estates in this district experiments have already been made in 17 different places at a cost of Rs. 433-7-5. Six of the places have turned out failures, the borings having been taken down in each case 65 feet without water being found, but the other 11 are hopeful. One of these is where the well already referred to is being made. I must purchase more boring rods, as in many places the water is not found with the present number of rods. During the current year I hope very many more places will be marked out as fit for wells. I am requiring the managers to learn to use the tools themselves,

so that they may be independent of the men sent to me. As soon as they have learnt their use, they will teach this work to others under them. I may here mention, to illustrate how expensive well-making is, that a non-sanad talúqdár in this district began to sink a well three years ago. He failed at first, and was taunted by his neighbours and others for attempting to make a well in a locality where one had never yet been made. His pride was aroused, and he said he would not rest till he had made one, whatever the cost. He was as good as his word, though it cost him about Rs. 4,500. He employed professional divers, &c., and last year the well was finished. It is said to be only seven feet in diameter, but is practically inexhaustible. This enterprising gentleman is Rae Amar Nath, a relative of the young talúqdár of Marwan, whose estate is under the Court of Wards."

13. In Kheri only two properties were under management throughout the year, and apparently little was done in either case towards their improvement. Boring apparatus has now been purchased, and several wells are to be made during the current year. The two large estates of Khairagarh and Mullanpur which were taken over during the year offer a large field for activity. In the Fyzabad district improvements were practically confined to the two large estates of Khapradeh and Sammanpur, in which about Rs. 3,000 were spent on wells, embankments, and other similar works. Tenants were also induced to improve their holdings, no less than 28 wells being made by them on the Sammanpur property. In the Bahraich district nearly Rs. 12,000 was spent on improvements on the large estate of Rehwa; but the manager's narrative is very brief, and it is to be inferred that the sum includes expenditure on the talúqdár's house and on a dispensary. Eighteen wells were built, but no particulars regarding them are given. The absence of any review of the manager's report by the Deputy Commissioner or the Commissioner prevents a satisfactory judgment being formed on the character or results of the year's work. In the Gonda district the large sum of Rs. 4,517 is shown as spent on improvements on the Utraula estate, but of this about Rs. 3,000 was devoted to completing a

mosque. A few wells and embankments were made or repaired, and an unsuccessful experiment was tried to introduce the cultivation of oats.

14. Greater attention was given to the subject in the three districts of the Rae Bareli Division, and the Commissioner has carefully reviewed the results of the management in each district. In Sultanpur Major Grigg, the Deputy Commissioner, reports a long list of improvements: 48 wells were in course of construction, six tanks have been deepened, and two new ones made, and 14 bandhs made or repaired. Fifty-eight wells were also made by tenants-at-will, and 41 others commenced. "The tenants," writes the Commissioner, "have been stimulated by example into making improvements for themselves; whilst, with a prudent boldness, the management has undertaken many costly and arduous works which the tenantry were perfectly incapable of undertaking." Experiments were also made to improve *úsar* land by means of simple enclosure, and Major Grigg writes hopefully of the result. The Partabgarh and Rae Bareli estates were for the first time placed under a common manager, Mirza Humayun Qadr; and in commenting on the difficulties which he has had to encounter, the Commissioner considers that as much has been done to effect improvements as could be expected. In both districts well-sinking, owing to the character of the soil, is often a doubtful and costly operation, and the Commissioner rightly remarks that the failures which the manager has to record show the necessity for applying scientific knowledge to the problem. On one well Rs. 1,273 had been spent without the spring level being reached; on another Rs. 981; and the stability of a third, which had cost a good deal of money in previous years, was reported to be doubtful. The present manager is not apparently responsible for these unfortunate enterprises, as they were undertaken by his predecessors; but they indicate the importance of preliminary boring trials before any work is commenced. It is satisfactory to find that in both districts scientific boring apparatus has now been procured.

15. The remarks made in paragraph 17 of last year's Review on the encouragement of the estate tenants in the construction of wells need not be repeated. They have been impressed on Deputy Commissioners and estate managers for years, and the Lieutenant-Governor observes with pleasure the energetic and hearty spirit in which measures for the improvement of these properties are now in almost every district stimulated and initiated. There are cases, of which the district reports from Hardoi and Sultanpur furnish many illustrations, in which well construction is too dear and hazardous for the ordinary tenant; but wherever the building of it is within his means and power, there are many practical reasons for letting him make the well for his own holding. These reasons have been supplemented by the provisions of the Rent Act which has been passed since the last Review on the Court of Wards was written; and estate managers should remember that it will be always a prudent preliminary to settle with the tenants the terms of a fair water rate before commencing the construction of a well at the expense of the estate.

16. The repayment of debts is the next subject that claims remark. Reserving the 15 encumbered estates for separate notice, there were 45 estates under the management of the Court of Wards during the year, with debts aggregating Rs. 25,31,705. Of these 45 estates, however, the eight specified in the first paragraph of this Review have only just been brought under management, and their debts on assumption of management amounted to no less than 14½ lakhs, of which three and-a-half lakhs were discharged before the end of the year. There were thus 37 estates of which the management has been more or less prolonged, with debts aggregating 11 lakhs at the beginning of the year. These debts were reduced during the year by Rs. 1,67,000. The separate notices of the estates show what progress has been made in respectively freeing them from their liabilities. Generally it may be said to have been as good as, the circumstances considered, could be expected. Of the 45 Court

of Wards' estates, 17 were entirely free from debt at the close of the year.

17. Fifteen encumbered estates were under management at the beginning of the year under Act XXIV of 1870. They are confined to the five districts of Bara Banki, Hardoi, Rae Bareli, Sultanpur, and Partabgarh. The total rental aggregated Rs. 4,83,231, and the land-revenue and cesses Rs. 2,49,037. The largest is the Kurwar estate in the Sultanpur district, with a rental of over one lakh. Four others have rentals exceeding half a lakh, and the others are smaller properties. Of the current rental of nearly five lakhs, only Rs. 9,089 was uncollected. Of an arrear demand of Rs. 45,705 the collections were less satisfactory, as at the end of the year Rs. 30,000 was still due. The greater part of this, however, was outstanding in the Rae Bareli district, and represent old balances which are very difficult to adjust. The total debts of these 15 estates originally amounted to over 12 lakhs. At the beginning of the year they had been reduced to four and-a-half lakhs. During the year Rs. 1,35,281 was paid towards reduction of principal and as interest, and at the close of the year the debts due were only three and one-third lakhs. During the year four of the estates were entirely freed from debt, so that only 11 now remain on the register. In four years the debts of all but two should be cleared off. We are therefore within measurable distance of the time when operations under the Act of 1871, which at one time threatened to swamp the energies of the Oudh administration, will be brought to a close.

18. Of the 60 estates under management 11 were released by the end of the year. The normal rentals shown in the marginal statement give a good idea of their relative importance. Only two—the Sammanpur estate in the Fyzabad district and the Bilaspur

Court of Wards.	Rs.
Kasmori	5,600
Badhanpur	2,200
Sammanpur	43,000
Mungri	4,000
Nikahi	1,200
Bilaspur	77,000

Encumbered.	Rs.
Jasmandi	15,000
Akhyapur	5,000
Asifpur	20,000
Partabpur	8,500
Rajapur	14,000

estate in the Gonda district—were really large properties. The Sammanpur property, however, was only nine months under management, as it was released on the marriage of the owner. The Bilaspur estate, which has been 21 years under careful management, is fully noticed in the appendix. Its history is a striking instance of the rapid growth of an originally petty property into a first-class estate by fortunate litigation and prudent investments.

19. In former Reviews considerable attention has been usually given to the subject of ejectments, and the returns of such notices for the several estates have been carefully examined in order that the Government might be satisfied that the powers of the law were not abused by managers. The subject has now lost much of its importance in consequence of the enactment of the new Rent Law. It is satisfactory, however, to find that in the last year of the old law the managers of Court of Wards' estates have without exception shown great caution about issuing notices, and have only resorted to them in exceptional cases and for good reasons. With regard to the kindred subject of enhancement, it has already been said that the reports do not disclose any attempts to insist on unfairly high rents, or in fact to raise rents at all except where they are, or have become, owing to improvements effected at the cost of the estate, distinctly inadequate. Of one village Major Grigg writes: "It is now almost entirely under cultivation, whereas it had only a very few fields of *arhar* in it when I first inspected it in January, 1885." Of another he says that "Mr. Wells, who was in despair about this village, would be rejoiced to see the results of the improvements started by him. There is hardly any fallow visible. Tenants have been settled, and its future prosperity is assured."

20. The Lieutenant-Governor has read with pleasure the accounts given of the estates under the management of the Deputy Commissioners during the past year. They indicate a careful and increased attention

to the many details of an intricate, if interesting, business, and a very beneficial development of genuine effort to improve the estates and encourage and assist the tenantry. Major Grigg and Mr. White, in Sultanpur and Bara Banki, have maintained the high reputation which their energy and their influence with their tenantry had already secured them; and in Hardoi Colonel Horsford has actively commenced the reforms which were urgently needed. It is, indeed, the Sitapur district alone in which the estates still fail to receive that systematic and minute supervision that is essential to their real prosperity and progress.

21. The returns of Benevolent and Charitable Trusts and of Educational Endowments appended to the report are in the usual form. The only addition to last year's list is the trust called the Balrámpur Sadabart Fund, created by the Maháráni of Balrámpur for the yearly distribution of alms at Ajudhya. The endowment consists of 4 per cent. Government promissory notes to the value of Rs. 50,000, and the income is disbursed by a committee of management.

22. Of the 12 Benevolent and Charitable Trusts enumerated, seven belong to Lucknow, and materially alleviate the poverty and destitution which cannot fail to exist in a city with its history. They are under the supervision of a large and influential committee known as the General Charitable Committee, though the internal management in each case is left in the hands of a special sub-committee. A few figures will illustrate the good done by these institutions during the year. The King's Poor-house relieved 76,880 paupers, besides supporting 188 monthly pensioners. The King's Hospital gave medical aid to 116,513 persons, of whom 23,033 were in-door patients. The Balrámpur Hospital treated 19,221 out-patients and 845 in-door patients. The New Charity Fund disbursed nearly Rs. 18,000 in small charitable allowances to destitute native families; while the Baillie Fund supplied the Civil Chaplain with

The King's Poor-house.
The King's Hospital.
The Balrámpur Hospital.
The Baillie Charity.
The New Charity Fund (includes also the Famine Fund and the Mayo Fund).

Rs. 848 for the relief of destitute Europeans and Eurasians. The year's management of all these funds is deservedly praised by the Commissioner of the Division. The Balrámpur Hospital was greatly improved in its internal arrangements and supplied with a full complement of surgical instruments and other hospital appliances. A new wing was added to the Unáni branch of the King's Hospital, and iron cots substituted for the old wooden beds. Extensive additions and alterations were commenced in the other branch of the hospital, in which the English system of surgery and medicine is practised. The King's Poor-house was greatly improved by the construction of a new and commodious verandah for the use of the inmates. The accounts of the New Charity Fund were overhauled, and the list of the pensioners thoroughly revised.

23. The remaining five benevolent trusts mentioned in appendix IX call for less notice. The Bhinga Dispensary controls an income of about Rs. 1,500 a year, arising from moneys with which it was endowed by the Rája of Bhinga. It has been admirably lodged by the liberality of the founder, and is deservedly appreciated in the neighbourhood. The Darga of Saiyid Salar, also in the Bahraich district, was noticed in last year's Review. During the year under report its income exceeded Rs. 12,000, the greater part of which was derived from offerings of pilgrims at the shrine. The expenditure is controlled by a committee of Muhammadan gentlemen, whose management is commended by the Deputy Commissioner. The larger portion of the revenues is paid away in allowances to persons belonging to the family of the saint; but a religious school is maintained, and a branch dispensary has lately been started.

By order, &c.,

J. WOODBURN,

Chief Secy. to Govt., N.-W. P. and Oudh.

The 25th June, 1887.

APPENDIX A

Lucknow District.—Officers in charge, Messrs. Boys and Wells.

No. 1, *Itaunja (Court of Wards Estate). Normal income Rs.* 68,138; *credit balance on the 2nd January*, 1886, *Rs.* 95,418.

The ward attained his majority on the 25th November, 1885, and the estate was released from management on the 2nd January, 1886. As it was in charge for only three months of the year, it does not find a place in the tabular statements annexed to the Review.

The estate was taken under management in January, 1881, on the death of the late talúqdár, Rája Jagmohan Singh, who had just attained his majority and had only three and-a-half months previously received charge of his estate in a flourishing condition from the Court of Wards with cash, Government securities, and mortgages amounting to Rs. 85,900. In this short period the estate fell into arrears with its land-revenue, and the Rája also ran into debt. He was succeeded by his brother, Rája Indra Bikrama Singh, a lad 16 years old. The Court of Wards found that all the cash had disappeared; but by disposing of a portion of the securities it was able to pay off the late Rája's debts.

The estate is comprised of 52 hadbast villages, with 31 mujras, having an area of 38,611 bíghas 1 biswa, of which 24,890 bíghas 8 biswas were under cultivation. During management 711 bíghas of waste land were brought under cultivation, and a plot of 40 bíghas of cultivated land in mauza Madhopur was purchased for the proprietor. The rental demand rose during management from Rs. 66,870 to Rs. 68,919; and the income from "other sources" from Rs. 9,740 to Rs. 12,083. The collections have averaged 95 per cent. of the annual demand.

The improvements effected were the construction of 41 masonry wells; the repair of eight old ones; a new road and a shed for the talúqdárs' cattle, costing in all Rs. 7,415. In addition to the 41 wells sunk by the estate, the tenants were induced to construct 15 masonry wells from their own resources, the estate providing wood for the curbs and for burning bricks.

The estate has now been made over to the talúqdár in a prosperous condition, well secured from drought and with a credit balance of Rs. 95,418 thus invested :—

	Rs.
Invested in Government securities	60,000
Invested in well-secured private loans	15,500
In cash	19,918
Total	95,418

The young talúqdár has been educated at the Canning College, and is reported to have done well.

Bara Banki District.—Officer in charge, Mr. J. White, Deputy Commissioner.

No. 2, *Jasmandi (Encumbered Estate). Normal income Rs.* 15,000 ; *deficit on* 30*th September*, 1886, *nil.*

The debt due to Government by this estate on the 30th September, 1885, was only Rs. 1,250 : this sum was paid off during the year, and the estate was released from management and made over to the talúqdár, Musammat Mukhtar-un-nissa, on the 4th June, 1886. This estate was taken into management under the Oudh Talúqdárs' Relief Act (XXIV) of 1870 in May of 1870. The debts at that time amounted to Rs. 43,365 ; these were compromised for a sum of Rs. 36,000, which was obtained by means of a loan from Government bearing interest at 5 per cent. per annum. The last instalment due to Government was paid on the 31st March, 1886 : the debt was thus liquidated in 17 years. The rental of the estate when it first came under management in 1277 fasli was Rs. 10,320, and it increased gradually to Rs. 14,967 in

1293 fasli, the year of release. The rental collections were invariably good, and were realized without any difficulty. Owing to the embarrassed condition of the estate, little could be spared for improvements. Rupees 4,218 were expended in sinking six new masonry wells and in repairing several old ones which had been abandoned. A new hamlet was also founded, and 14 bíghas of land planted with babúl.

The original proprietor, Musammat Shams-un-nissa, died in September, 1885, shortly before the release of the estate, and she was succeeded by her daughter, the present talúqdár.

No. 3, *Pokra Ansári (Encumbered Estate). Normal income Rs.* 59,600; *deficit on* 30*th September*, 1886, *Rs.* 13,400.

Good progress has again been made in paying off the debt of this estate which, during the year, has been reduced from Rs. 27,000 to Rs. 13,400. This sum will be paid off during the current year 1294 fasli; but as the talúqdár is still a minor, the Deputy Commissioner has suggested that the estate should be placed in charge of the Court of Wards.

The current rental demand of the year, amounting to Rs. 59,643, was collected with the exception of Rs. 238. Of the arrear demand of Rs. 7,004, the sum of Rs. 1,195 was struck off as irrecoverable, Rs. 1,654 was collected, and Rs. 5,349 remained uncollected. A sum of Rs. 3,292 was expended on improvements. These improvements included the formation of a plantation of babúl, shisham, and other trees on the banks of the Gúmti; boring operations and prospecting for sites suitable for wells under the supervision of the Local Board Engineer; sinking of new wells and the advance of money to tenants for the purchase of plough-cattle. If the estate remains under management for another six years, until the proprietor attains his majority, considerable funds will be available for well-making, which is much needed to protect the estate in years of drought. The estate is

lightly assessed, and could well afford to spend money on improvements.

The young Rája, Bhagwan Bakhsh, is being educated at the Wards' Institution, Agra, and promises to turn out well.

No. 4, *Akhyapur (Encumbered Estate). Normal income Rs.* 5,000; *deficit on the* 30*th September*, 1886, *Rs.* 6,150.

Better progress was made this year in paying off the debt. The principal was reduced from Rs. 7,251 to Rs. 6,150, or by Rs. 1,101, and it was thought that the entire amount would be liquidated in five years. Since the close of the year, however, the talúqdár, Babu Lal Bahadur, borrowed elsewhere a sum bearing interest at 7½ per cent., with which he has paid the balance due to Government, and the estate was released from management on the 1st March, 1887.

The rental demand was Rs. 5,141 including arrears; and this, with the exception of Rs. 126, was realized. A single notice of ejectment was issued on a tenant who was in arrears with his rent. No improvements were effected, all surplus money being devoted to clearing off the Government debt.

No. 5, *Kharka (Court of Wards Estate). Normal income Rs.* 24,870; *deficit on the* 30*th September*, 1886, *Rs.* 40,000.

The rent-roll of this estate continues to improve, while the collections were excellent. There is a good deal of waste land, which is gradually coming under cultivation. The demand for the year, including arrears, was Rs. 25,769, of which Rs. 25,068 was collected.

The surplus at credit of the estate amounted at the close of the year to nearly Rs. 10,000, and is being invested in Government securities with the object of providing funds for the ultimate repayment of the debt of Rs. 40,000, when the mortgage by which it is secured becomes open to redemption. This will be nine years

hence, and the mortgagee prefers to hold to his profitable investment as long as he legally can.

Three wells were constructed by the estate during the year and two by tenants; several old wells were cleaned, and a Behea sugar-mill was purchased. In all a sum of Rs. 746 was expended on improvements. The Kurmi tenants of the estate, who are the chief manufacturers of *gúr*, are said to be still reluctant to adopt the new mill and evaporator. Three *silos* were made during the last rains, one by the estate and two by tenants, which have not yet been opened. No case of importance was instituted for or against the estate.

Forty-two notices of ejectment were issued, principally on defaulters and pahikásht tenants. A single notice was contested, and the tenant gained his case in appeal.

No. 6, *Togapur Yakutganj (Court of Wards Estate). Normal income Rs.* 5,200; *deficit on the* 30*th September*, 1886, *Rs.* 45,680.

This estate continued in lease, and the lessee is punctual in paying his rent. The debt was reduced from Rs. 47,730 to Rs. 45,680, a decrease of Rs. 2,050.

From the commencement of the current year 1294 Fasli, the lessee will, under the terms of the lease, pay an enhancement of Rs. 500, which will be utilized in the more rapid liquidation of the Government loan.

No. 7, *Bhilwal-Sikandarpur (Court of Wards Estate). Normal income Rs.* 67,900; *deficit on* 30*th September*, 1886, *Rs.* 1,37,265.

The debts of this estate during the year were reduced from Rs. 1,50,400 to Rs. 1,37,265, a decrease of Rs. 13,135. The progress is necessarily slow, and it is proposed to sell the Sikandarpur portion of the property in the Rae Bareli district as the only means of speedily liquidating the bulk of the debt. The lady owner of the estate has bequeathed it by will to her daughter's

son, who has twice absconded from the Wards' Institution at Agra, and whose general conduct is far from satisfactory.

The rent collections were good, being 99½ per cent. of a year's demand. The estate is a very capable one, and is lightly assessed. Forty-nine notices of ejectment were issued with the object of getting refractory tenants to come to terms with their arrears. The expedient proved generally successful, and in a very few cases only was it necessary to proceed to eviction. The improvements comprised boring operations under the supervision of the District Engineer, cleaning and repairing old wells, and granting advances for new wells. The total expenditure on these objects amounted to Rs. 1,731.

No. 8, *Amirpur (Court of Wards Estate). Normal income Rs.* 22,600*; deficit on* 30*th September*, 1886, *Rs.* 80,021.

This estate was taken under management of the Court of Wards in January, 1886, on the death of the late talúqdár, Chaudhri Ahsan Rasul, who has been succeeded by his son, Shaikh Muhammad Ali, a boy only three and-a-half years old. Though this property had been made over in 1873 to the late owner free of debt, it is found now seriously embarrassed, the debts aggregating Rs. 77,814 and bearing high rates of interest. These claims have now been paid off by a loan of Rs. 77,000 bearing interest at 8 per cent. obtained from the Allahabad Bank, an arrangement which, besides consolidating the debts, saves the estate Rs. 1,415 per annum in interest.

The estate comprises seven villages and twenty-four shares of villages, having a rental demand of Rs. 22,633: the rents recoverable for the portion of the year during which the estate has been under management were realized in full. Until some progress is made in liquidating the debts, there is little possibility of finding money for improvements. There has been no litigation of any

description during the year. Eight notices of ejectment were issued against defaulters, none of which were contested.

Sitapur District.—Officer in charge, Mr. H. H. Butts, Deputy Commissioner.

No. 9, *Bajehra (Court of Wards Estate). Normal income Rs.* 14,237; *deficit on the* 30*th September*, 1886, *Rs.* 4,649.

The collections were excellent. Out of a total rental demand, current and arrears, of Rs. 14,292, a sum of Rs. 14,179 was realized. The miscellaneous income was also collected in full. The construction of two masonry wells was taken in hand. As bamboo trees are scarce on this estate, 540 clumps were planted in 14 villages. No takávi advances were made to the tenants. Nine notices of ejectment were issued, on what grounds it is not explained. Of these only one was contested, and that unsuccessfully. The debt was reduced from Rs. 9,849 to Rs. 4,649: the interest was paid up in full.

No. 10, *Deokalia, nine annas share (Court of Wards Estate). Normal income Rs.* 11,535; *deficit on the* 30*th September*, 1886, *Rs.* 32,261.

The rental demand, which fluctuates a good deal from the prevalence of grain rents, shows an increase of Rs. 635 over the previous year. The collections both on account of the current and arrear demand were good, the year closing with a total balance of only Rs. 755. The miscellaneous income was also successfully realized. The expenditure on improvements was insignificant. Good progress, however, was made towards clearing off the encumbrances. At the beginning of the year the debts stood at Rs. 36,964. By the end of the year they had been reduced to Rs. 32,261 and the interest on the principal duly met. Sixteen notices of ejectment were

issued; two of these were contested, but failed. No explanation is given for the issue of so many notices.

No. 11, *Deokalia, seven annas share (Court of Wards Estate). Normal income Rs.* 7,052; *deficit on the* 30*th September*, 1886, *Rs.* 36,615.

The rent collections, current and arrears, were very good, being 99½ per cent. of the full rental of a year. The outstanding balance of former years is now only Rs. 284. The realizations of miscellaneous revenue were also satisfactory. Rupees 100 was expended on improvements, *i.e.*, part of the cost of a well and the planting of bamboos. Rupees 3,694 was paid on account of the debts: the re-accruing interest, however, absorbs a large portion of what is available, and the principal was only reduced to the extent of Rs. 1,000 during the year. No notices of ejectment were issued.

Hardoi District.—Officers in charge, Messrs. H. F. Bartlett and H. W. Gibson for two and-a-half months, and Colonel N. M. T. Horsford for the remainder of the year.

No. 12, *Sarwan Baragaon (Encumbered Estate). Normal income Rs.* 42,916; *deficit on the* 30*th September*, 1886, *Rs.* 81,100.

A portion of the estate lies in the Kheri district, though the accounts are included in those of the Hardoi district. The rent collections in the Hardoi portion were excellent, and the balances were unimportant. The total collections in the Kheri property amounted to nearly a full year's rental; but they were largely made up of arrears of past years, and Rs. 1,844 remained in balance. The collection from sources other than rent were also good. A new feature in the management of this estate has now been introduced by making over the Kheri portion of the property to the talúqdár, who, from its rental, will satisfy its land-revenue demand, cesses, and rates, meet all village expenses, and retain the

balance for his maintenance instead of, as hitherto, receiving a fixed annual allowance in cash. The management of this outlying portion of the estate has not been satisfactory, and it is anticipated that the present arrangement will leave a larger surplus to provide for the liquidation of the Government loan. This loan was reduced from Rs. 84,200 to Rs. 81,100 during the year. The progress in liquidating the loan is now better than was expected when the money was advanced. It is anticipated that, in future, Rs. 10,000 will be available for payment of principal and interest. Improvements have been hitherto restricted; but the Deputy Commissioner hopes to be able to do more in this direction, and is employing the boring apparatus obtained from the Agricultural Department to ascertain the sites where wells may be profitably sunk. No notices of ejectment were issued, and the estate was not engaged in any civil litigation.

No. 13, *Asifpur (Encumbered Estate). Normal income Rs.* 20,400 ; *deficit on* 30*th September*, 1886, *nil.*

The rental collections were very good, as were also those from miscellaneous heads; more than half of the outstanding rental arrears were also realized. The balance of the Government loan at the commencement of the year was Rs. 7,400. This sum was paid off and the estate made over to the talúqdár on the 1st October last.

When this estate was taken under management in June, 1870, the debts aggregated Rs. 51,656, in addition to which Rs. 6,341 was due to Government on account of land-revenue. Some subscriptions and an assessment to income-tax were also in arrears. The debts were compounded and were paid off by a loan of Rs. 45,209-7-3 obtained from the Government, and the State thus became sole creditor. The rents rose from Rs. 20,816 in 1871-72 to Rs. 22,068 in the year 1884-85 ; but they fell again last year to Rs. 20,410. It is explained that a portion of the estate is subject to inundation, and that the rental is liable to fluctuate from year to year. Very little could be done for the improvement of the property, for, as the

Commissioner remarks, "the task of management was rendered specially difficult by the attitude of the talúqdár, who, instead of aiding the Government which had interposed between him and ruin, thwarted and opposed the management in every possible way and incurred fresh debts nearly as fast as the Government paid off the old ones." The talúqdár admits to the Deputy Commissioner that his present debts amount to Rs. 40,000. During management three wells were constructed at a cost of Rs. 711, and 25 wells were made by tenants, the estate assisting by free grants of wood and advancing money at very low interest. Two hamlets were founded, on which 71 tenants were settled; and lastly, 11 bághs were planted by tenants with the express permission of the talúqdár, though the Deputy Commissioner was in charge of the estate.

No. 14, *Durgaganj (Encumbered Estate). Normal income Rs.* 7,620; *deficit on the* 30*th September*, 1886, *Rs.* 9,600.

The rental demand for the year was increased by Rs. 432, and the realizations both on account of rent and miscellaneous were exceedingly good. The total rent balance was Rs. 578, and of this Rs. 112 have been struck off as irrecoverable.

A sum of Rs. 2,344 was devoted to the payment of the debt which now stands at Rs. 9,600, and this amount it is anticipated will be paid off in five years. If so, the estate will be released five years earlier than was expected in 1877, when it was calculated that this annual surplus would be about Rs. 1,800, and the entire debt satisfied in 1896.

No. 15, *Baghiari (Encumbered Estate). Normal income Rs.* 10,920; *deficit on the* 30*th September*, 1886, *Rs.* 9,322.

There has been a great improvement in the rent collections this year. They were 105·25 per cent. of

a year's demand. Very little of the current demand remained unrealized, and nearly 50 per cent. of the arrears of previous years was collected. Of the balance Rs. 409 was found to be irrecoverable, and has been remitted by the Commissioner. The collections of the miscellaneous demand were equally good. The construction of one well was taken in hand, but such improvements will on this estate be expensive, as it has been ascertained from experiments made with the boring apparatus that the water-level in this estate is not less than 60 to 65 feet below the surface. The debt was reduced from Rs. 13,200 to Rs. 9,322; and if annual payments at this rate are continued, the estate will probably be released in 1889, or ten years sooner than was expected in 1877. No notices of ejectment were issued, and the estate was not concerned in any civil litigation.

No. 16, *Mansurgarh (Court of Wards Estate). Normal income Rs.* 12,043; *credit balance on* 30*th September*, 1886, *Rs.* 15,910.

The collections of both rent and miscellaneous income were all that could be desired. The rent realized was nearly 101 per cent. of a year's demand. Rupees 28 on account of rent and Rs. 2 balance of a takávi advance were found to be irrecoverable, and were remitted.

Something more might have been done for the improvement of the property considering the large credit balance. Only one well was taken in hand. The Deputy Commissioner, however, has promised better progress in future. Rupees 200 was advanced to tenants. Six ejectment notices were issued on troublesome and refractory lessees; only one notice was contested, and in this case the objection was dismissed. No attempt was made to enhance rents. The estate was engaged in two petty civil suits, in one of which the plaintiff's case was lost, and in the other the estate had to pay Rs. 8 out of a claim for Rs. 50.

No. 17, *Marwan (Court of Wards Estate). Normal income Rs.* 14,893; *credit balance on the* 30*th September*, 1886, *Rs.* 23,622.

The collection in this small but flourishing estate could not have been better; out of a total rental demand, current and arrears, of Rs. 15,111, the collections were Rs. 15,031, thus leaving a small balance of Rs. 80, and of this Rs. 56 has been struck off as irrecoverable. The miscellaneous collections were equally good. Nothing has as yet been accomplished towards the improvement of the estate; but active measures are now contemplated. With the boring apparatus two sites have been discovered for wells, and these will be taken in hand during the year. Two other experimental borings were made; but in neither case was water found at a depth of 65 feet. Four notices of ejectment were issued on tenants, who claimed zamíndári rights and declined to take leases for land in their holding. These claims were contested and eventually were disallowed, and the tenants were allowed to retain the land on slightly enhanced rents on accepting formal leases.

No. 18, *Behti Chiragpur (Court of Wards Estate). Normal income Rs.* 1,650; *deficit on the* 30*th September*, 1886, *Rs.* 712.

This small estate of one village (Behti) and 11 biswas of another (Pukra) belongs to a boy, Todar Singh, aged about 12 years. It was taken under management in June, 1885, at the request of the lad's grandmother in order to save the property from waste. The rental, Rs. 1,651, was collected with the exception of Rs. 14, and of this Rs. 11-13-0 was struck off as irrecoverable. The miscellaneous revenue was realized in full.

In the way of improvements, nothing has been done as yet with the exception of prospecting with the boring apparatus for a site for a well, and one has been found with a large supply of water at a depth of 65 feet. A well here will cost about Rs. 700, and as the funds at the disposal of the estate are low, the Deputy Commissioner

is contemplating a loan from Government under the Land Improvement Act. Rupees 100 was given in advances to tenants. The debts of this small estate are heavy in comparison with the income, but measures are in progress for their reduction. No notices of ejectment were issued.

No. 19, *Khajurahra (Court of Wards Estate). Normal income Rs.* 56,400; *deficit on the* 30*th September,* 1886, *Rs.* 82,914-10-0.

This talúqa was taken under management in October, 1885, on the death of the talúqdár, Thákur Lalta Bakhsh, who has been succeeded by his grandson, Thákur Shankar Bakhsh, a lad 14 years old. The estate comprises two parts, one, Khajurahra of 19 villages and shares in nine other villages in the Hardoi district, with a rental of Rs. 45,679; the other in the Sitapur district, of six villages and a share in another, with a rental of Rs. 10,747. The rents in the Sitapur portion of the property are taken in kind; and it is believed that they considerably exceed the recorded collections: the Commissioner, however, will have the matter enquired into.

The rental demand for the year, including arrears, was Rs. 60,083; of this Rs. 56,233 was realized, which left a balance of Rs. 3,850. The greater portion, Rs. 2,656, of this balance occurred in the Sitapur district. Of the balance in Hardoi, Rs. 463-7-0 has been reported irrecoverable, which the Commissioner has ordered to be struck off. The Sitapur portion of the estate requires the attention of the Deputy Commissioner, who, the Commissioner hopes, "will acquire, during the current year, a more complete knowledge of all the circumstances relating to it, and be able to render a more full and satisfactory account of its administration." The personal expenses of this estate are heavy; but as they for the most part are regulated by decrees of court in favour of various members of the family, they are not susceptible of reduction. The debts are heavy; aggregating Rs. 83,844-7-0 at the beginning of the year; and though Rs. 8,714-3-0 was devoted to their liquidation and Rs. 632-5-0

was remitted by creditors, the principal at the close of the year stood at Rs. 81,833-6-0 and the interest unpaid Rs. 1,081-4-0. The interest absorbs so great a portion of the surplus that very little impression can be made on the principal. The Deputy Commissioner of Hardoi is working out a scheme for the payment of the debts, and when it is completed, loans will be negotiated bearing interest at a much lower rate than some of the debts at present carry. In Hardoi Rs. 100 was spent in boring experiments, and in Sitapur a boat was purchased for the use of the tenants, and some bamboo shoots planted.

Kheri District.—Officer in charge, Lieutenant-Colonel A. Murray, Deputy Commissioner.

No. 20, *Bahadurnagar (Encumbered Estate). Normal income Rs.* 54,937; *deficit on the* 30*th September*, 1886, *nil.*

The debt due to Government at the close of last year was Rs. 6,500. This sum with interest was paid in full and the estate released from the control of the Oudh Talúqdárs' Relief Act (XXIV) of 1870, on the 31st March, 1886; but as the talúqdár is still a minor, the managment of the estate was retained under the Court of Wards. The young Rája will, however, attain his majority in July, 1887, when the estate will be made over to him.

The current rental demand was Rs. 52,616, of which Rs. 50,712 was collected. Of the large arrears, amounting to Rs. 10,388, Rs. 1,825 was collected and Rs. 5,831 struck off as irrecoverable. At the end of the year the total recoverable balance was Rs. 4,636. These results are as good as could be expected, considering that the estate lost the kharíf crops in all the light lands, and that there was also great mortality among the cattle. The realizations on account of miscellaneous revenue were also satisfactory. In the way of improvements, two wells for irrigation purposes and three drinking wells

were constructed by the estate, and three drinking wells were made by tenants: six sugarcane-mills were hired out to the tenants at a moderate charge, and 608 bighas of waste land were brought under the plough. The young Rája is still residing with his father-in-law, the Rája of Nánpára.

No. 21, *Kasmori (Court of Wards Estate). Normal income Rs.* 5,653; *credit balance on the* 1*st April*, 1886, *Rs.* 2,400.

This estate was released from management in the middle of the year on the death of one of the female proprietors, and the accession of her heir, one Ganga Sahai. The estate when taken under management in January, 1876, comprised 14 villages, having a gross rental of Rs. 7,982, and debts amounting to Rs. 30,921. Five villages were sold, and with the proceeds the debts were entirely liquidated. The remaining nine villages had a rental of Rs. 3,208, and in ten years of careful management this has been raised to Rs. 6,160. The proprietor has now succeeded to a flourishing little property, quite free from debt, and with a credit balance of Rs. 2,400.

No. 22, *Bansi (Court of Wards Estate). Normal income Rs.* 7,188; *deficit on the* 30*th September*, 1886, *Rs.* 6,146.

This estate was brought under management during the year, on the death of the proprietor, Bariar Singh, in September, 1885, who left a widow and an infant son three years old. He has been succeeded by the latter. The estate comprised 17 villages with a rental of Rs. 10,751. The property was heavily involved, the debts amounting to Rs. 67,478-12-6. A favourable opportunity offering, seven of the villages, with a rental of Rs. 4,517-2-0, were sold for a sum of Rs. 59,500, or about 17½ times of the rental, a very good price. This amount, with a small addition to it, was applied to paying off the claims, and the debt at the close of the year stood at Rs. 6,146. This estate will now have a fair

start, and should develope into a good property during the 17 or 18 years it will be under management before the minor attains his majority.

The rental demand for the year was realized with the exception of Rs. 343, and of this Rs. 286 was collected after the close of the year. The miscellaneous revenue was collected in full. Six notices of ejectment were issued on lessees holding at nominal rents. These were not contested. No tenants were ejected.

No. 23, *Khairigarh (Court of Wards Estate). Normal income for the period the Estate was under management during the year Rs.* 58,824; *deficit on the* 30*th September*, 1886, *Rs.* 1,43,591.

This fine estate, comprising 107 villages in the north of the Kheri district, assessed to a land-revenue of Rs. 52,417, in addition to the Sarausa property in the Sitapur district, was brought under management of the Court of Wards on the death of the Rája, Indra Bikram Sah, a Surajbans Rájput. He died intestate on the 27th November, 1885, leaving three widows, the senior of whom, Ráni Surat Kunwar, inherits the estate. The debts amounted to Rs. 1,58,183, and these were reduced at the close of the year to Rs. 1,43,591. It is expected that the estate will be clear of incumbrances in three years.

The annual normal income has evidently not been given in the tabular statement, but only the rent demandable for the period the estate was under management during the year, *i.e.*, from the middle of May, 1886, to the end of September, 1886. This sum is shown to be Rs. 58,824, and 93·19 per cent. of it was collected. The arrears on account of previous years are shown to be heavy, Rs. 22,938, and of this Rs. 3,906 only was realized. Of the balance, Rs. 16,582 is said to be irrecoverable ; but detailed inquiries will be made before proposals are submitted for the remission of this sum. The collections on account of the miscellaneous revenue were not good. Out of a demand of Rs. 25,236, only

Rs. 14,614 was realized. Rs. 155 were advanced to tenants for the purchase of cattle, and 4,428 standard bighas of waste land were broken up for cultivation. The chief want of the estate is wells for drinking purposes in outlying villages. There is also a large extent of culturable waste, on which tenants might be induced to settle. The cultivation throughout the estate is, however, precarious, as it lies in the Tarái, and is subject to floods and fluvial action.

No. 24, *Mullanpur (Court of Wards Estate). Normal income Rs.* 1,52,463; *deficit on the* 30*th September*, 1886, *Rs.* 7,96,506.

This estate was taken under management in August, 1886, on the application of the talúqdár, Rája Maneshar Bakhsh Singh, a Raikwar Rájput, to be declared disqualified from managing his estate under section 162(*g*) of the Oudh Land Revenue Act (XVII) of 1876. The year had so nearly expired, that of the large demand for current and arrear rental, aggregating Rs. 23,325, only Rs. 2,256 could be collected before its close. Of the balance of Rs. 3,272 is irrecoverable. The liabilities are very heavy, *i. e.*, Rs. 7,96,506. A loan of Rs. 3,00,000 was obtained from the Allahabad Bank to pay off the more pressing claims and those bearing high interest. The Commissioner is in communication with the Deputy Commissioner, with the object of arranging for the permanent management of the estate and working out a scheme for the liquidation of the debts.

Fyzabad District.—Officers in charge, Mr. A. Robinson, Deputy Commissioner, and Major F. Barrow, Assistant Commissioner.

No. 25, *Khapradeh (Court of Wards Estate). Normal income Rs.* 73,580; *balance at credit of the estate on* 30*th September*, 1886, *Rs.* 13,919-15-0.

This estate was originally managed under the Oudh Talúqdárs' Relief Act; the debts were liquidated last

year; but as the proprietor is a minor, the Court of Wards assumed charge, and this is the first year of its management. The rental shows an increase of Rs. 901 over that of the previous year, which is due to a large tract of fallow land having been brought under the plough, to enhancement of rents where unduly low, and to improvements in irrigation.

The total rental demand, current and arrears, during the year was Rs. 76,637, of which a sum of Rs. 74,689 was realized, leaving a balance of only Rs. 1,948. The collections were thus exceedingly good, and nothing better has been attained since the estate came under management. This is attributed to the careful supervision exercised by the sudder office over the work of the mufassil establishment in the Fyzabad portion, and to the deputation of a special Deputy Collector to manage the Sultanpur portion. The improvements undertaken during the year were the construction of eight wells, of which five were completed. Eight tenants also took upon themselves the sinking of wells at their own expense. In Sultanpur no notices of ejectment were issued; but in Fyzabad there were 52; and of these seven were contested without success. The annual darbár of the tenantry was held as usual, at which rewards were distributed to those who paid their rent regularly and to those who constructed wells. The minor, Anant Bahadur Singh, is now being educated at the Wards' Institution at Agra: he is said to be making good progress, and his conduct is very satisfactory.

The year closed with a balance in hand of Rs. 13,919. Of this Rs. 6,000 will be invested in a loan bearing interest at 7 per cent. per annum to the Musapur estate under the Court of Wards, and the balance will be devoted to clearing off certain debts the major portion of which has been incurred by the mother of the young talúqdár in course of a litigation for the Sihipur estate.

No. 26, *Mamrezpur (Court of Wards Estate). Normal income Rs.* 1,938; *deficit on the* 30*th September*, 1886, *Rs.* 500.

This estate was partitioned last year; both portions are under the Court of Wards, and are now managed and reported on separately. The other portion of the estate is known as Behra. The rental demand of Rs. 1,938-8-6 was collected in full. There has been a small decrease in the demand compared with last year, owing to the sír lands being granted to the proprietor's mother at revenue rates. The estate and tenants are in a prosperous condition. There were no funds to effect improvements; in fact, so far as irrigation works are concerned, none are needed: for the late Subadar during his lifetime constructed three bandhs, 17 wells, and four tanks, which answer all purposes. The debts it is expected will be cleared off in a few years.

No. 27, *Sammanpur (Court of Wards Estate). Normal income Rs.* 42,929-5-0; *credit balance on* 30*th September*, 1886, *Rs.* 6,877-2-3.

This estate, the property of Musammat Amanat Bibi, widow of Malik Hidayat Husain, the late talúqdár, was managed by the Court of Wards for only nine months of the year. The rental demand, current and arrears, was Rs. 43,756-14-2, which, with the exception of Rs. 1,379-7-9, was collected in the nine months of management. A comparison of the rental demand of the present with the past year shows an increase of nearly Rs. 1,000, due to enhancements where rents were low. The fertility of the soil of this estate and the prosperous condition of the tenants exceed those of any other estate in the district. The neglect of the late talúqdár was the cause of a large portion of the estate falling into the hands of mortgagees. The improvements commenced were six wells by the estate and 28 by tenants with a few other minor works. Great improvements were effected in the sanitation of the village occupied by the talúqdár. Eight notices of ejectment were issued, of which none were successfully

contested. The estate was released from management at the commencement of the agricultural year (1st July) on the marriage of the younger daughter of the late talúqdár to the nephew of the talúqdár of Pirpur, Mír Ghazaffar Husain, who is to manage the property.

No. 28, *Mungri (Court of Wards Estate). Normal income Rs.* 4,051-7-3 ; *deficit on the* 30*th September*, 1886, *Rs.* 9,995.

The rental demand of this small estate was Rs. 4,051-7-3, of which Rs. 3,885-15-6 was realized in the nine months of management. The estate was released on the 1st July, 1886, on the marriage of Musammat Kasim Bandi, one of the daughters of the late talúqdár of Sammanpur, to the nephew of Mír Ghazaffar Husain, talúqdár of Pirpur, and the cash in hand, Rs. 838-12-8, was handed over. The improvements carried out during the year were the construction, at a cost of Rs. 150, of a water channel in mauza Mirpur and other aids to the irrigation resources of the estate.

No. 29, *Musipur Chandipur (Court of Wards Estate). Normal income Rs.* 9,363 ; *balance at credit on* 30*th September*, 1886, *Rs.* 75-14-10.

This estate is the property of Thákurain Gaura Kunwar, and is managed by the Court of Wards for her grandson, a minor 15 years old, who is the heir. This is the first year of management, the estate having been taken in charge in July, 1885.

The rental demand, current and arrears, was Rs. 10,522-12-1, of which Rs. 9,393-7-2 was collected, leaving a balance of Rs. 1,129-4-11. Of the balance Rs. 1,054-9-5 is said to be irrecoverable, being rents of the mortgagees, and the actual balance is thus only Rs. 74-11-6. The collections were good, and the estate is said to be fairly managed. A great portion of the property is in the hands of mortgagees, and the debts are heavy, but steps have been taken to pay them. No increase in the rental can be expected until the mortgages are redeemed.

No. 30, *Behra (Court of Wards Estate). Normal income Rs.* 1,927-15-3; *deficit on* 30*th September*, .1886, *Rs.* 763.

This estate formed part of Mamrezpur, which was divided off last year. The rental demand for the year, Rs. 1,927-15-3, was collected in full, and only a small balance of Re. 1-6-6 on account of the previous year remained. The reason for the decrease in the rental demand as compared with last year is the same as that given for the Mamrezpur estate, *i.e.*, the grant of sír land at revenue rates to the proprietor's family. The property is in a flourishing condition, and the debts are being rapidly paid off. The proprietor, Bhagwandin, is intelligent, and looks carefully after the management of his affairs. There is little room for improvement, as the estate is amply provided with irrigation works.

Bahraich District.—Officers in charge, Lieutenant-Colonel F. Currie, Deputy Commissioner; Mr. H. C. Irwin, Assistant Commissioner; and Pandit Janki Parshad, Extra Assistant Commissioner.

No. 31, *Rehwa (Court of Wards Estate). Normal income Rs.* 76,700; *balance at credit on* 30*th September*, 1886, *Rs.* 39,454-5-1.

The rental demand for the year, current and arrears, was Rs. 81,824. The collections were Rs. 75,973, thus leaving a balance of Rs. 5,851. The kharíf crop having suffered in several localities from excessive rains, payments in full were not pressed. The collections from "other sources" were not good, being only 61·24 per cent. of the demand.

Thirty-four notices of ejectment were issued, of which nine were contested, and of these four were allowed. A sum of Rs. 11,759 was expended on improvements. Eighteen wells were constructed. The dispensary building was completed, and a hospital assistant appointed in December, 1885. The dispensary is a great benefit to

the tenantry, situated as they were before at a distance from all medical aid. The talúqdár's house is approaching completion. The establishment of a good bazaar at Keshwapur, where the dispensary has been built, is under consideration. Sugarcane cultivation has been introduced for the first time, and the crop is said to be doing well. The minor has been sent to the Wards' Institution at Agra for his education, and is making good progress.

No. 32, *Mehrabad (Court of Wards Estate). Normal income Rs.* 3,100; *balance at credit on the* 30*th September*, 1886, *Rs.* 2,191-6-8.

The rental demand for the year showed a small falling off compared with the previous year. This is attributed to a reduction of 12 per cent. in the rental of some of the leased villages, and to a reduction in the area of the estate by 170 acres, which were decreed by the civil court to Musammat Sakunat for her one-anna share in the property. Out of a rental demand, current and arrears, of Rs. 3,765 a sum of Rs. 3,188 was realized, or 84·67 per cent. Of the balance Rs. 577, only a sum of Rs. 7 is irrecoverable, and a suit has been instituted for the recovery of the remainder. The estate is to be made over to the mother of the ward as soon as she receives a certificate under Act XL of 1858, for which she has applied to the civil courts.

No. 33, *Sarayan (Court of Wards Estate). Normal income Rs.* 1,400; *balance at credit on the* 30*th September*, 1886, *Rs.* 387-5-11.

This is a small estate of one village. The rental demand, current and arrears, was Rs. 1,236; of this a sum of Rs. 1,173 was collected, or about 95 per cent. of the demand. A small sum was expended on improvements: no notices of ejectment were issued.

The ward is at present with his grandmother, to whom the estate is to be made over as soon as she obtains from the civil court a certificate of administration under Act XL of 1858.

No. 34, *Nikahi (Court of Wards Estate). Normal income Rs.* 1,300 ; *deficit on the* 30*th September*, 1886, *Rs.* 1,675.

The income for the year, current and arrears, Rs. 1,561, of this small estate of one village, was realized in full. The ward obtained his majority on the 25th September, 1886, when the estate was made over to him.

This small property came under the management of the Court of Wards on the death of the late proprietor in September, 1872, or 14 years ago, with incumbrances amounting to Rs. 5,242, which at the close of the Deputy Commissioner's stewardship were reduced to Rs. 1,675. The property being so heavily involved, there was no scope for improvements during the period of management.

Gonda District.—Officers in charge, Colonel Noble and Mr. H. Bateman.

No. 35, *Bilaspur (Court of Wards Estate). Normal income Rs.* 77,700 ; *credit balance on the* 30*th September*, 1886, *Rs.* 60,339.

This estate was taken under management in October, 1865. The late talúqdár, Rája Riasat Ali Khan, died on the 24th April, 1865, leaving no male issue, but a posthumous son, the present talúqdár, Rája Mumtaz Ali Khan was born on the 6th October, 1865. He has now attained his majority, and the estate was made over to him at the close of September, 1886.

The estate when first taken under management comprised 46 villages with a rental of Rs. 9,437, paying Rs. 5,699 land-revenue. It comprises now about 75 entire villages held in full proprietary right and 115 sub-settlement villages, yielding a rental of Rs. 77,712, and paying Rs. 39,606 land-revenue. During the 21 years of management this originally small estate has thus been transformed into a very fine property. This is partly due to villages inherited, partly to success-

ful litigation in the settlement and in the civil courts, partly to redemption of mortgages, and partly to judicious purchases of forest and jungle grants. A liberal policy has throughout the period of management been adopted towards settlers, and a great deal of waste land has thereby been brought under cultivation. Tenants have been encouraged in various ways to improve their holdings. In 1873-74 and again in 1875-76 the estate suffered severely from failure of the rains, and considerable sums were advanced to the cultivators, and rent collections were not pressed. In the way of direct improvements less has been done than might have been expected on an estate of such resources. Still a number of drinking and irrigation wells, and bandhs have been made, bazaars and hamlets founded, and attempts made to introduce new or improved staples. The rents are generally low, and the tenantry are said to be prosperous and well-to-do. Much praise is due to the experienced and able manager, Munshi Salig Ram, to whom the talúqdár has every reason to be grateful.

At the close of the year the estate had a balance of Rs. 60,310. Of this Rs. 11,000 is invested in 4½ per cent. Government promissory notes, and Rs. 30,000, bearing interest at 7 per cent., in a loan to the talúqdár of the Mahdona estate in the Fyzabad district. The ward was for some time under the care of his father-in-law, the Rája of Nánpára; but for the last seven months he was at home, being instructed in the management of the estate, in which he took an intelligent interest. He has announced his intention to the Deputy Commissioner of retaining the services of the manager and his assistants, who have hitherto so successfully managed the property.

Rae Bareli District.—Officers in charge, Mr. C. Chapman, Deputy Commissioner, and Mirza Humayun Qadr, Extra Assistant Commissioner and general manager.

No. 36, *Kuri Sadauli (Encumbered Estate). Normal income Rs.* 63,369; *deficit on* 30*th September*, 1886, *Rs.* 18,712.

The current rental demand increased from Rs. 62,581 to Rs. 63,369, and with the exception of the small sum of Rs. 155 the whole amount was collected. The collection of the arrear demand, amounting to Rs. 14,675, was not so successful, only a sum of Rs. 4,014 was realized. Of the balance Rs. 1,536 is irrecoverable, and steps are being taken to have this struck off the accounts. On the whole, however, the collections were very good, and this satisfactory result is attributed to the liberal expenditure in previous years in the construction and repairs of wells. The collections from miscellaneous sources were also good: 25 pucka wells were constructed by the tenants, and two were repaired by the estate: advances were made for sugar cultivation, and a sugar-mill was purchased for the use of the tenants. A new bazaar was established, and the shops of an old one completely repaired.

The debt was reduced from Rs. 36,000 to Rs. 18,712. A further reduction might have been made had it not been necessary to retain in hand a sum for a suit the estate was about to institute. The balance of the debt due to Government will be paid, probably, by the end of September, 1887. No notices of ejectment were issued, and of the three suits in which the estate was engaged, two are pending, and the third has been given in its favour. The minor, Rája Rampal Singh, is being educated in the Aligarh College, and is said to be making excellent progress in his English studies.

No. 37, *Bahua (Encumbered Estate). Normal income Rs.* 22,911; *deficit on* 30*th September*, 1886, *Rs.* 56,600.

The rental demand during the year was increased from Rs. 21,200 to Rs. 22,911 on the basis of the extensive improvements at the expense of the estate mentioned below, and this was practically collected

in full, a small balance of Rs. 64 only remaining. There was still an arrear balance of Rs. 4,261, of which Rs. 1,109 is said to be irrecoverable. The estate is now very well protected from drought; during the last ten years no less than Rs. 11,228 have been expended on improvements, principally irrigational works, such as wells and embankments. During the year three pucka wells were constructed by tenants, and advances were made for the purchase of seed grain. The principal of the debt was reduced from Rs. 61,000 to Rs. 56,600, and a sum of Rs. 2,973 was paid on account of interest. The estate was engaged in two civil cases, which were decided in its favour. Nine notices of ejectment were issued, which were not contested, but five of the tenants ousted were reinstated at their own solicitation.

No. 38, *Amawan (Abdul Hakim Khan) (Encumbered Estate). Normal income Rs.* 17,022; *deficit on* 30*th September*, 1886, *Rs.* 500.

The collections of the current rental were exceedingly good, there being a balance of only Rs. 527 out of a demand of Rs. 17,022. The arrear balance is still, however, heavy, Rs. 4,957; but of this Rs. 1,579 is said to be irrecoverable, and proposals for remission will be made. The debts were reduced from Rs. 3,200 to Rs. 500. This sum is due to Government, and will be paid off during the year, when the estate will be made over to the talúqdár. No notices of ejectment were issued, and the single civil suit in which the estate was concerned was decided in its favour. Rupees 350 was expended on advances for the construction of wells and for the purchase of plough-cattle.

No. 39, *Koriar Satáon (Court of Wards Estate). Normal income Rs.* 77,725; *credit balance on the* 30*th September*, 1886, *Rs.* 50,858.

In this large and flourishing estate all but Rs. 1,505 of the rental demand of Rs. 77,725 was realized. The balance on account of former years stands at Rs. 8,516,

of which Rs. 3,807 have been secured by bonds, payments being made by instalments. Advances were made by the estate to tenants for the construction of wells, the purchase of plough-cattle, and the cultivation of sugar. Of the 22 wells taken in hand, 13 have been completed. Hitherto operations have been impeded by the sandy nature of the sub-soil; but now that the estate has secured a set of Wilson's boring tools, experiments will be made to ascertain where wells may be sunk with prospect of success. The marriage of the talúqdár with the daughter of the talúqdár of Shahmau in the Gonda district was arranged during the year. The estate has an invested surplus of Rs. 26,700 and a cash balance of Rs. 24,158, which was required for a loan of Rs. 20,000 which is to be made to the Bhira Gobindpur estate.

No notices of ejectment were issued, nor were any suits instituted. The dispensary kept up at the expense of the estate is becoming more popular, and has done good work during the year, the number of out-door patients treated being 5,307. The minor continues his studies at the Aligarh College, and he is making very satisfactory progress.

No. 40, *Bhira Gobindpur (Court of Wards Estate). Normal income Rs.* 50,589; *deficit on the* 30*th September*, 1886, *Rs.* 1,52,597.

This estate belongs to the Sikh Sardárs, Captain Gulab Singh, and Autar Singh, and has hitherto been managed by the second; but owing to his age and failing health, the management, with the consent of the other proprietor, has now been transferred to his son, Sardár Prem Singh. The rental demand was increased from Rs. 49,821 to Rs. 50,589, and the collections during the year amounted to 92½ per cent. of the demand. The increase in the rental represents returns on capital expended on well construction. Advances were made during the year to tenants for sinking four wells. Two masonry wells were repaired by the estate, and advances

were given for the purchase of plough-cattle and seed. The arrears of former years are large, amounting to Rs. 17,815, of which only Rs. 461 is said to be irrecoverable. The inability of the manager, owing to illness to attend to this portion of the work and the partial failure of the opium crops, are the explanation given.

Three notices of ejectment were issued, of which only one was contested, and that unsuccessfully. The estate was concerned in a single civil suit, which is still pending. Good progress was made in the payment of the debt. It stood at Rs. 1,70,725, principal and interest, and was reduced to Rs. 1,52,597 principal. There was no interest outstanding at the close of the year.

No. 41, *Shankarpur (Court of Wards Estate). Normal income Rs.* 33,260; *credit balance on the* 30*th September*, 1886, *Rs.* 31,905.

The rental demand compared with the previous year shows a nominal decrease of Rs. 3,574, owing to the rents from the Jessore portion of the estate having been received after the close of the year. Actually there was an enhancement of Rs. 126. The collections were good, but the balance on account of former years is still large. Of the Rs. 6,600 the sum of Rs. 1,194 is said to be irrecoverable, and will be struck off. The income from miscellaneous sources was also realized fairly well. The estate has now a credit balance of Rs. 31,905, of which Rs. 22,000 is invested. Since the close of the year the minor has attained his majority, but the release of the estate is deferred pending arrangements for the satisfaction of certain provisions of his father's will.

During the year a new bazaar was built and advances made to traders to settle; a hamlet was founded, advances were made for extending sugarcane cultivation and for the purchase of plough-cattle and seed. A new well was constructed by the estate and old ones repaired; five masonry wells were also constructed by tenants in

consideration of land having been given to them for planting groves. The dispensary established and maintained by the estate has been appreciated by the tenants. In addition to 3,756 out-door patients 52 in-door patients were treated, of whom 48 were completely cured. The young Rája continues his studies in the Canning College, and he is reported to be in every way capable of managing his estate, of which he will be shortly put in possession.

No. 12. Pandriganeshpur (Court of Wards Estate). Normal income Rs. 63,468 ; *deficit on the* 30*th September*, 1886, *Rs.* 1,77,149.

The rental demand was increased from Rs. 53,926 to Rs. 63,468, principally from the villages of the Dharnpur estate, of which the estate received possession on mortgage (after litigation) from Rája Rampal Singh for a debt of Rs. 79,284. The actual increase from enhancement of rents of other villages was Rs. 1,683. The collections were again exceedingly good, as only Rs. 111 of the total demand was unrealized. The collections from miscellaneous sources also showed well. The recoveries on account of the arrear balance of rent were not so successful. Only Rs. 1,437 was realized out of a balance of Rs. 6,732, and Rs. 441 are said to be irrecoverable. The expenditure on improvements was Rs. 2,474 : advances were made for extending sugarcane cultivation and for the purchase of seed and plough-cattle. Nine wells have been completed by tenants and three are under construction. The estate is also sinking two large masonry wells. The principal of the debt was reduced from Rs. 1,97,150 to Rs. 1,77,149, and Rs. 9,495 was paid on account of interest. Better progress would have been made if the estate had not had to meet the preliminary expenses for the marriage of the Shahzada's son with the daughter of the Rája of Faridkot in the Panjáb. Two notices of ejectment were issued on persistent defaulters, of which one was contested unsuccessfully. The estate was successful in the two civil suits in which it was engaged.

No. 43, *Binohra (Court of Wards Estate). Normal income Rs.* 13,127; *deficit on the* 30*th September,* 1886, *Rs.* 25,383.

The collections of the current rental demand were very good: a balance of Rs. 278 only remained outstanding. But of an arrear demand of Rs. 3,986 only Rs. 572 was realized. The collection on account of takávi advances and other miscellaneous items were better than last year, more than half the demand having been got in. Nothing can be done towards improvements owing to the embarrassed condition of the estate; but a small sum of Rs. 101 was given in advances for sugar cultivation and the purchase of cattle. No notices of ejectment were issued, and of the four civil suits in which the estate was concerned, three were given in its favour and one is still pending. The cases were not of any importance. The debt was reduced from Rs. 27,830 to Rs. 25,383.

No. 44, *Gaura Kaschli (Court of Wards Estate). Normal income Rs.* 77,886; *deficit on the* 30*th September,* 1886, *Rs.* 5,000.

The collections on account of the current rental demand and of the demand from miscellaneous sources were exceptionally good, the balance under the former being only Rs. 1,991 and under the latter Rs. 888. The arrear rental demand is still heavy, Rs. 4,261, but of this a sum of Rs. 617 is said to be irrecoverable, and steps are being taken to strike it off. The result might have been better but for the partial failure of the opium crops. Good progress was made in liquidating the debt, which was reduced from Rs. 19,500 to Rs. 5,000, and this will be paid off this year. The estate would have been entirely freed from debt had it not to provide Rs. 10,000 for the marriage of the young talúqdár, Thákur Sheo Narayan Singh. Rupees 2,126 was expended on improvements: eight masonry wells were constructed by tenants, and advances were made for extending sugar-cane cultivation and for the purchase of plough-cattle. No notices of ejectment were issued, nor was the estate

engaged in any civil litigation. The young talúqdár is being educated at the Canning College, Lucknow.

No. 15, *Udrehra (Court of Wards Estate). Normal income Rs.* 39,501; *deficit on the* 30*th September,* 1886, *Rs.* 39,000.

The rental demand shows an increase of Rs. 1,761 over that of last year; and the whole amount, Rs. 39,501, with the exception of the small sum of Rs. 515, was realized. The balance on account of the arrear demand is still heavy, Rs. 14,233. The greater portion of this is said to be irrecoverable, and inquiries are being made previous to the preparation of a statement proposing remissions. More than half the demand on account of miscellaneous items was also collected. A masonry well was repaired, and Rs. 500 expended on the repairs of the talúqdár's house. The debt was reduced by Rs. 10,000, and Rs. 2,780 was paid on account of interest. A single notice of ejectment was issued on a persistent defaulter, which was not contested. The two civil suits in which the estate was engaged were decided in its favour.

No. 16, *Sehgaon Pachhimgaon (Court of Wards Estate). Normal income Rs.* 10,073; *deficit on the* 30*th September,* 1886, *Rs.* 5,700.

The collections again were exceedingly good, both on account of the current and arrear rental demand. The total outstanding is only Rs. 1,105, of which Rs. 271 are irrecoverable. The miscellaneous income was also fairly realized. The debt was reduced from Rs. 9,700 to Rs. 5,700. Four masonry wells were constructed by tenants, and advances were made for sugarcane cultivation. No notices of ejectment were issued, nor was the estate engaged in any civil litigation.

No. 17, *Bodhanpur (Court of Wards Estate). Normal income Rs.* 2,261; *credit balance on release of the Estate Rs.* 302.

This estate was released from management in April, 1886, when the minor attained his majority.

Sultanpur District.—Officers in charge, Major E. B. Grigg, Deputy Commissioner, and Thákur Salehdi Singh, Officiating Extra Assistant Commissioner.

No. 48, *Kurwar (Encumbered Estate). Normal income Rs.* 1,16,183; *deficit on the* 30*th September*, 1886, *Rs.* 67,199.

The percentage of rent collections to demand was in the Sultanpur portion 99·85 and in the Fyzabad portion 99·38—a very satisfactory result. The seasons were prosperous, and the rents were collected without much difficulty. The debt due to Government was reduced from Rs. 99,000 to Rs. 65,999, or by Rs. 33,001, of which Walipur (the minor proprietor of which has succeeded to Kurwar) contributed Rs. 9,000. There is also a sum of Rs. 1,200 due to Government on account of takávi, which makes up the deficit to Rs. 67,199. The rent-roll of both districts shows a considerable increase due to the causes mentioned in last year's Review, and to the acquisition of the sír of the late Ráni. Twenty-eight wells have been, or are being, built by tenants in Sultanpur; and in Fyzabad the estate has constructed five wells. In Sultanpur the estate is constructing 22 masonry wells; six tanks have been deepened, and 10 bandhs made or repaired. The expenditure on this account was Rs. 4,159; and boring operations were also in progress. The Commissioner notices with satisfaction that the old sub-settlement defaulters on this estate are becoming punctual rent-payers, and at the same time can recall no instance of undue severity in bringing them to order. Wheat and potatoes, as also vegetable seeds, were obtained from the Department of Agriculture and Commerce to be distributed to tenants. A few tenants were induced to use the Behea sugar-mills. The fodder preserve has been considerably improved during the past year.

The minor, Rája Partab Bahadur Singh, is being educated at the Wards' Institution at Agra, where he is making good progress.

No. 49, *Mahona (Encumbered Estate). Normal income Rs.* 48,170; *deficit on the* 30*th September*, 1886, *Rs.* 46,495, *exclusive of Rs.* 1,600 *Government takávi borrowed during the years* 1292 *and* 1293 *fasli.*

The collections were 99·49 per cent. of the current demand, but were not as good as in the previous year. Of the large balance a considerable portion was found to be irrecoverable, and struck off. The recoverable is for the most part secured by bonds and payable in instalments. The estate's debt was reduced from Rs. 57,500 to Rs. 46,495, and will probably be discharged within four years. As regards improvements, tenants have completed 16 wells of the 25 for which they were given advances. For seven wells bricks are ready, and as regards two, the rains prevented their construction. Advances were also given for purchase of cattle. The estate completed three of the wells commenced in the previous year. It has eight more under construction. The work on the latter has, so far, been satisfactory. They are being built where tenants cannot, from the extreme cost, undertake them. Four wells have been repaired, and also four bandhs, by the management, besides numerous minor improvements. These improvements, at a cost of Rs. 2,357, have had a considerable effect on the rent-roll, which has increased very considerably during the past two years, one well alone bringing Rs. 100 increase the first year of its construction.

A suit for the entire estate is pending in the District Judge's Court.

No. 50, *Partabpur (Encumbered Estate). Normal income Rs.* 8,509; *deficit on* 30*th September*, 1886, *Rs.* 8,100, *also takávi Rs.* 200, *total Rs.* 8,300.

At the close of the year the talúqdár having applied for the release of this property and paid up the deficit, the estate was released. As regards improvements the estate had commenced the construction of two wells. These the talúqdár promises to complete if possible. Three wells were built by tenants, and for a fourth bricks

burnt, whilst two tanks were dug by the same agency. The collections were good, bearing the proportion of 99·87 for the current demand. A short time before the estate was released Bábu Arjun Singh, the proprietor, died. He has been succeeded by his son, Mahabir Singh, on whose application the estate has been released.

No. 51, *Bhadayan (Court of Wards Estate). Normal income Rs.* 30,863; *deficit on* 30*th September*, 1886, *Rs.* 12,369-7-9, *including Rs.* 800 *Government takávi loan.*

The proportion of the current demand collected was 99·98, a sum of Rs. 6 alone remaining uncollected at the year's close. The debt was reduced from Rs. 16,569-7-9 to Rs. 11,569-7-9, excluding takávi loan, and should be liquidated in another two years. Tenants have constructed 12 masonry wells, have commenced two more, excavated four tanks, and partly finished a bandh. The estate has six masonry wells in course of construction, has dug four tanks or bandhs, and opened out a road.

The ward is being educated at the high school, and his progress is fair.

No. 52, *Pali (Court of Wards Estate). Normal income Rs.* 17,280-5-6; *credit balance on* 30*th September*, 1886, *Rs.* 17,633-5-8.

During the year Rs. 10,000 of the cash balance was invested in 4 per cent. Government paper. The rent collections were good, being 99·29 per cent. of the current demand. A large portion of the old arrears have been struck off as irrecoverable. The remainder is almost entirely secured by bonds, and will be collected as the instalments fall due. As regards improvements, tenants have built four wells, one of which is for drinking purposes. The estate has completed two bandhs and one well. It has eight wells under construction. Owing to the sandy nature of the sub-soil, great difficulty is experienced in making these improvements. Bábu Kishundat Singh, the ward, has been associated in the management of the estate. He promises to be a good and intelligent landlord.

No. 53, *Unchgaon (Court of Wards Estate). Normal income Rs.* 15,965; *credit balance on* 30*th September*, 1886, *Rs.* 29,966.

During the year Rs. 7,000 were lent to the Bhadayan estate at 7 per cent. per annum. The collections were good, being 99·84 per cent. of the current demand. By tenants 12 wells have been built, the estate having advanced a considerable sum to assist in their construction. By the management two wells were commenced, also a bandh strengthened.

The ward, Bábu Dargahi Khan, is making fair progress with his studies.

No. 54, *Walipur Estate. Normal income Rs.* 6,979; *credit balance on* 30*th September*, 1886, *Rs.* 2,656.

During the year Rs. 7,500 was spent in redeeming a Kurwar village, of which estate the ward is also proprietor, and Rs. 9,000 in reducing the Kurwar debt to Government. The estate is building one well. It has constructed a bandh, and is carrying out experiments with spring tubes, which promise to prove successful. The collections were good. Rája Partab Bahadur Singh has since the year's close been sent to the Wards' Institution at Agra.

Partabgarh District.—Officers in charge, Major F. Barrow, Deputy Commissioner, and Mirza Humayun Qadr, Extra Assistant Commissioner and general manager.

No. 55, *Kaithola (Encumbered Estate). Normal income Rs.* 31,715; *deficit on the* 30*th September*, 1886, *Rs.* 12,500.

The rental demand, including arrears, was Rs. 31,960, which, with the exception of a small sum of Rs. 224, was collected. The debt was reduced from Rs. 20,100 to Rs. 12,500. Further progress, however, will be checked by the expensive litigation which the estate is likely to be involved in, owing to a suit for the pro-

perty instituted by the brother of the late talúqdár. The large sums expended on improvements in previous years is said to have left little to be done by the estate directly; but there is still room in a number of villages for the construction of small wells by tenants aided by the estate. Two large wells were in progress of construction; but through difficulties of site or bad workmanship they have not been attended with much success. Only a single notice of ejectment was issued, and this was to get rid of an unsatisfactory and troublesome tenant.

No. 56, *Rajapur (Encumbered Estate). Normal income Rs.* 13,870; *deficit on the* 30*th September*, 1886, *nil.*

This estate was released from management on the 15th May, 1886, and made over to the talúqdár, Lála Sheombar Singh, on his paying into the treasury the sum of Rs. 3,625, the balance of the debt, principal and interest, due to Government. This estate was taken under management in the year 1872, under the Oudh Talúqdárs' Relief Act. The debts at that time were Rs. 30,512-5-0, which were compromised and paid off with a sum of Rs. 26,000, bearing interest at 5 per cent. borrowed from Government. The estate was under management for nearly 14 years, and during this period, in addition to liquidating the debt, principal and interest, a sum of Rs. 2,658 was expended on improvements. The rent-roll has been increased from Rs. 11,346 to Rs. 13,870, or by Rs. 2,524 per annum. The property has been handed over to the talúqdár in good condition, and it is hoped by judicious management he will be able to keep out of debt. His eldest son takes considerable interest in the management, and rendered much assistance to the official manager.

No. 57, *Madhpur (Court of Wards). Normal income Rs.* 6,974; *deficit on the* 30*th September*, 1886, *Rs.* 15,000.

The collections amounted to 96 per cent. of the rental demand, current and arrears, and the arrear balance has been reduced to Rs. 63. Only Rs. 396 in all

was expended on improvements. The debt was reduced from Rs. 15,566, to Rs. 15,000. This sum is due to Rai Madho Singh on the mortgage of the estate redeemable on the expiry of ten years. The annual surplus of the estate available for the payment of debt is from Rs. 1,500 to Rs. 1,600, and it would be advantageous if the mortgagee would agree to accept annual payments towards the liquidation of the mortgage. This is at present under consideration. A single notice of ejectment was issued and carried out, on the payment of Rs. 40 as compensation for improvements. The estate was successful in the two suits it was concerned in. The minor, Nageshwar Bakhsh, was married during the year. He is being educated at the Partabgarh high school, where he is making fair progress. He will attain his majority in about three years.

No. 58, *Bargaon (Court of Wards Estate). Normal income Rs.* 23,310; *deficit on* 30*th September*, 1886, *Rs.* 72,610.

The current rental demand was realized with the exception of Rs. 152. But the collection of the arrear demand was not so good, only Rs. 114 out of Rs. 508. Of this sum Rs. 13 is said to be irrecoverable. The rental demand of the estate was increased during the year by Rs. 3,518, due to the redemption of the mortgage of a village at the close of last year. The sum of Rs. 964 was spent on improvements, including Rs. 56 advanced to tenants and Rs. 49 spent on the purchase of a dredger. Most of the money went towards the completion of two masonry wells in sandy localities, which have been in hand for three years and on which Rs. 2,200 have already been spent. Neither of them can yet be said to be completed, and it would seem that they have been attempted in exceptionally difficult localities, without adequate scientific knowledge and appliances. The debts were reduced from Rs. 74,100 to Rs. 72,610, but it is essential that steps be taken for a more rapid liquidation of the debt. These are the matter of a separate correspondence. The estate was

not able to meet the full instalments due to the mortgagees, and steps will be taken in one case either to reduce the instalments, or to borrow a sum at a more favourable interest with which to pay off this debt. The estate holds on mortgage with possession the small village of Malaka Razakpur, which was managed with the rest of the property. No notices of ejectment were issued during the year, and the estate was concerned with four civil suits, of which one was decided in its favour and the other three are pending.

No. 59, *Shamspur (Court of Wards Estate). Normal income Rs.* 25,248; *deficit on* 30*th September*, 1886, *Rs.* 3,726.

The collections on account of the current demand were very good, there being a balance of Rs. 98 only. But very little attention was paid to the arrear balance; only a sum of Rs. 85 was realized out of a demand of Rs. 1,234. The debt was reduced from Rs. 9,020 to Rs. 3,726; and since the close of the year a further sum of Rs. 2,000, which was actually in hand at the close of the year, was paid, so that the actual balance is now only Rs. 1,726. With more careful collection of the arrear rents and methodical adjustment of the accounts, the estate should have been cleared last year. Rupees 1,133 were expended on well-construction and other improvements. One well has been successfully completed; but in the case of others unexpected difficulties have been met with, which have delayed progress. No notices of ejectment were issued. In the matter of litigation the estate was engaged in seven suits valued at Rs. 5,036, of which it gained five valued at Rs. 4,546, lost one, and one is pending.

No. 60, *Pandwasi (Court of Wards Estate). Normal income Rs.* 461; *deficit on the* 30*th September*, 1886, *Rs.* 967.

In this small property the rental demand has increased from Rs. 250 to Rs. 461 by a re-arrangement of the leases hitherto held by the creditors of the proprie-

tor on low rents. This income was realised in full. Now that the rents have improved, an impression will be made on the debt, and the estate will be probably cleared in another seven years. No improvements were hitherto possible, but something might be done in future.

No. 61, *Dahyawan (Court of Wards Estate). Normal income Rs.* 20,931; *credit balance on the* 30*th September*, 1886, *Rs.* 20,848.

The rental collections were very good. Of a demand of Rs. 21,284 a sum of Rs. 20,963 was realized. The financial condition of this estate, which came into the Court of Wards near the close of the preceding year, was enquired into, and debts aggregating Rs. 50,855 were found due to it. Of this sum Rs. 19,734 were paid up, Rs. 21,768 are placed as recoverable, and the large sum of Rs. 9,353 is apparently irrecoverable, the period of limitation having expired. At present little has been done towards improving the estate. Rupees 400 were expended on a masonry well, Rs. 51 on the purchase of a dredger, and Rs. 372 in repairing the houses of the talúqdár and ziladárs.

The minor, Bábu Ramadhin Singh, attends for the present the zila high school.

APPENDICES.

Oudh.

12 Districts of Oudh.

Canning College Fund.

Taluqdars of Oudh, 27th February, 1864.

To institute a College at Lucknow as a Memorial to the late Earl Canning which should afford special facilities for the education of the children of the land-owners of the province and which should give to the natives of the province generally the means of carrying on to a higher point the education which they may have previously received at the Zila Schools.

Subscriptions by Taluqdars Rs. 0-8-0 per cent. on the sadr jamas of their Taluqas.

The Commissioner, Lucknow Division, and President, Canning College Committee.

Ditto ditto ditto.

A College department has been instituted for the teaching of all who have passed the Entrance Examination of the Calcutta University. A school department has been instituted for teaching boys for the Middle class examination. Also an oriental department for the teaching of the oriental languages only; a Law Department; and a special class for the teaching of the sons of Taluqdars.

Rs. 23,730-11-4.*

Rs. 73,082-7-8.

Rs. 96,813-3-0.

Rs. 52,580-14-8.

Rs. 30,572-3-2.

The expenditure shown in col. 11 does not include Rs. 13,660-1-2 on account of other charges.

In the balance are included Government Promissory Notes to the value of Rs. 5,000.

* Last year's figures were wrong.
